

THE NEW ŠKODA

KAROQ SPORTLINE

ŠKODA
SIMPLY CLEVER

SPORTSWEAR FOR ANYWHERE

Who said an SUV has to look like one?
The new ŠKODA KAROQ SPORTLINE
proves that you can look sporty
no matter when or where.

Polished with sporty details both on the
outside and in, the car makes its athletic
ambitions known instantly. And being the
ŠKODA that it is, plenty of Simply Clever
solutions, generous space and modern
connectivity features ensure that you
can go about your chores and adventures
in total comfort.

The KAROQ SPORTLINE is yet another
example of our philosophy of making
beautifully designed cars that are as
much a joy to drive now as they were
back when we started.

That's Simply Clever. That's ŠKODA.

SPORTY, FROM EVERY ANGLE

The specific features such as black external side-view mirror caps, door sill covers in both the body colour and black, black front grille frame and rear diffuser, SunSet tinted windows and exclusive black alloy wheels, give the car a distinctive sporty look combining the multi-purpose KAROQ design with high dynamic style.

BORROW SOME RACING GENES

Sporty appearance meets sporty character. The KAROQ SPORTLINE will not only attract you with its distinctive exterior and dark tuned interior, but will also add a sporty edge to the driving experience.

BADGE

The car features the original SportLine badge on both front mudguards.

STYLE AND FUNCTIONALITY

The characteristic sharply cut headlamps and fog lamps of the KAROQ have found their way inside the SportLine version too. The top-end option is all about LED technology. While the black front grille frame and 18" Mytikas or optional 19" Vega black alloy wheels give more ferocity to the car's expression, the agile engines have a lot to offer in terms of a sporty driving style. Our range includes petrol as well as diesel engines with 140 kW and 110 kW outputs, with the 140 kW output exclusive to the 4x4 drive.

LOGO

You will also find the original SportLine logo on the dashboard.

INTERIOR DESIGN

The interior features sports front seats with integrated headrests and lumbar support. The upholstery with ThermoFlux function, which ensures more breathability, offers maximum comfort in all climates. The carbon décor in the door panelling and black ceiling enhance the interior sports style.

A detailed view of the interior of a Skoda Karoq Sportline. The image shows the driver's side, including the steering wheel with the Skoda logo and 'SPORT LINE' branding, the instrument cluster with analog gauges and a digital display, the center console with a gear shifter and handbrake, and the front passenger seat with diamond stitching. The interior is black with silver accents and red ambient lighting strips.

COMFORT YOU CAN TOUCH

The KAROQ SPORTLINE is ready to spoil you. The multifunctional sports steering wheel in perforated leather is decorated with silver stitching, which you can also find on the front armrest. The LED ambient lights running along the inside of the car will set the perfect mood for any journey. In addition, you can opt for the Digital Instrument Panel with specific graphics for the SportLine version and Columbus navigation system with a 9.2" display offering convenient touch and gesture control.

ŠKODA CONNECT: TAKE THE ONLINE WORLD WITH YOU

Stay connected wherever you are. Being online fully and permanently means not only having access to entertainment and information, but also possible assistance while on the move. ŠKODA CONNECT is your gateway to a world of unlimited communication possibilities.

ŠKODA CONNECT

This offer includes two categories of service. While Infotainment Online delivers real-time information to navigation about traffic, for example, Care Connect focuses on help and safety, enabling remote access and control of the vehicle. It also offers an assistance service for any situation that needs it.

PARKING POSITION

Retrieve the exact location of your car in large car parks from anywhere, by displaying the address, time and date of parking on your mobile phone.

DRIVING DATA

Information about your journey, such as average consumption, average speed, distance and journey time, is stored. You can display your personal driving data and have an overview of all your trips.

EMERGENCY CALL

The SOS call is made automatically during an emergency where the restraint system has been activated. This emergency system can also be activated manually by pressing the red button on the roof console.

WEATHER

Get the latest weather report for your current location, destination or anywhere else with detailed forecasts, including precipitation predictions and warnings.

SMARTLINK+

With the SmartLink+ system (ŠKODA Connectivity bundle supporting MirrorLink®, Apple CarPlay, Android Auto) the car's infotainment system enables the driver to safely use the phone while driving. Plus, all installed applications that are certified as safe for vehicles are compatible with MirrorLink®, Apple CarPlay or Android Auto. The SmartLink+ system also includes the SmartGate function. It enables you to connect your smartphone to the car via cable to access interesting data about your drive, like driving economy, driving dynamics or service information. (Visit our website for usage terms and compatibility information for SmartLink+.)

ONLINE TRAFFIC INFORMATION

Always take the best route: up-to-date information gives you a perfect overview of every trip. It also enables you to react to new developments, such as roadworks, accidents and traffic jams.

IMAGE DISCLAIMER

The images presented in this catalogue (brochure) are used for illustrative purposes only and are not intended to form part of any contract or warranty. They display pre-series cars and certain illustrations, features, parts and equipment may differ from the actual production cars and from country to country. To get the exact specification of features, parts and equipment, please get in touch with your nearest local ŠKODA dealer.

MyŠKODA App

Get your very own personal digital companion. Download MyŠKODA App featuring PAUL, an interactive assistant who's there to help you, not only with watching over your car, but also with managing your day.

ŠKODA Connect App

Enjoy full control of your car. Download ŠKODA Connect and access all necessary features anytime, whether it's driving data, fuel range, planning a route or even where you last parked.
