ACCESSORIES

LONG LIVE THE OCTAVIA!

OCTAVIA has long been ŠKODA's most successful model. To maintain this privileged position looking forward, it requires constant development and innovation in all areas, including design, comfort, handling, crew safety and environmental friendliness. We are honoured and pleased that the new OCTAVIA is literally teeming with new features and, even at this early stage, we are certain that it will do its name proud.

CHARGING

ŠKODA iV Charger
ŠKODA iV Charger Connect
ŠKODA iV Charger Connect+
Powered by Elli ⚡
 the offer and method of purchase varies by country
 The ŠKODA "wallbox" is a wall-mounted charging point for ŠKODA passenger cars. It currently offered in three variants, all of which draw on AC to charge the car with power of up to 11 kW.

Cable for home charging
 available as a spare part
 The MODE 2 cable is a great solution for customers who need to charge their car from regular „home“ socket. The cable length is 6m (including the charging case).

Charging cable bag
 000 087 317BQ
 A practical accessory for any electric car, used for carrying the charging cable.

Charger cable cleaner
 000 096 150F
 000 096 356G | spare sponges
 The charger cable cleaner is used for cleaning and/or drying the cable before placing it in the interior of the car or a bag.

Cable for public charging
 available as a spare part
 The MODE 3 cable is for public charging networks. This product is for charging stations that don't have a charging cable or are equipped with an unsuitable one. The cable length is 6m.

*The products shown on this page are relevant for Octavia iV

SPORT & DESIGN

SPORT PACK

Sport pack infuses the ŠKODA OCTAVIA with sport dynamic attitude.
All practical elements work together to form a unique, self-confident style.

Front bumper spoiler

WHEELS

Did you know, that...

All the alloy wheels have passed rigorous homologation tests of ŠKODA AUTO to prove their resistance to corrosion, climatic influences and driving strain?

Moreover, alloy wheels are protected by a layer of extremely hard, heat-resistant paint.

CONNECTIVITY

MyŠKODA

ŠKODA CONNECT AND OTHER DIGITAL SERVICES IN YOUR POCKET

It's about the journey, not just the destination – and with the ŠKODA OCTAVIA, everyone in the vehicle can enjoy the trip. A connected multimedia system makes it easy to communicate with friends and family, get the information you need, and keep you and your passengers happy and entertained while you drive.

With the MyŠKODA application you can go even further in interaction with your vehicle. Use the application to remotely check the status of the vehicle, lock or unlock it, or display its parking position. Benefit from statistical insights into your last trip, and use them to plan a more efficient route next time. It offers also insight to the vehicle manual, quick tips for using the vehicle and its accessories or possibility to interact with your preferred service partner, with a number of further functions just waiting to be explored.

With MyŠKODA application in place, your car remains under your control at all times. The application is available for download on App Store (iOS) and Google Play (Android). ŠKODA Connect features are available based on ordered service bundle: Infotainment Online or Care Connect.

**QUALITY
& TESTING**

QUALITY THAT HOLDS AND LASTS

Did you know that the textile floor mats from ŠKODA Genuine Accessories also undergo the so-called 'heel test'? This test simulates the action of the driver's foot on the accelerator, sinking the heel 5 mm into the floor mat in both dry and wet conditions at an angle of 45°.

The floor mats also undergo an additional load test in the form of a long driving test, and further focus is placed on the brackets fixing the front floor mats to the car upholstery. The tests are designed to verify the proper clip strength needed to enable comfortable handling by the driver, while keeping the floor mat in place despite the occasional application of force during the drive.

Testing of fixing element strength

CHILD SEATS SAFETY TESTING

Do you want to ensure the maximum safety of your children in the car? The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

Practical and variable

The intelligent design of these child seats allows the child to not only be seated in the back, but also on the front passenger's seat where you can see them. The child seats feature variability and numerous setting options to adapt them to the changing size of your children.

Perfectly verified

All child seats from ŠKODA Genuine Accessories comply with European safety regulations (EHK 44.04) and have passed a number of other tests. The high quality and safety of these child seats is demonstrated by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.

ŠKODA EXPERIENCE

MyŠKODA

Enjoy full control of your car. Download MyŠKODA application and access all necessary features anytime, whether it's driving data, fuel range, planning a route or even where you last parked.

ŠKODA Genuine Accessories are offered by ŠKODA as optional extras at additional charges. Colours, designs and materials may differ from those in the illustrations. Information such as specifications, appearance, performance, dimensions, weight, fuel consumption and operating costs relating to the illustrated vehicles and products is based on information available at the time of printing this document, and ŠKODA AUTO reserves the right to change these data.

Correct rim and tyre size combinations are available in the Registration Certificate and/or from your dealer. When choosing snow-chains, make sure to follow the indication in your car's certificate of roadworthiness.

Wheels depicted on the cars may not be part of the available range.

Please contact your ŠKODA Partner for information as to which products are available and suitable for your model, what restrictions apply, the installation times required and costs. Subject to change without notice.

Vehicle parameters such as weight, rolling resistance and aerodynamics may vary depending on additional equipment and accessories (attachments, tyre sizes, etc.) and may, together with weather, traffic conditions and individual driving styles, affect fuel consumption, electricity consumption, CO₂ emissions and other performance parameters. ŠKODA Genuine Accessories are not used to determine consumption and emission levels, and can therefore only be fitted after the vehicle's first registration.
